

# WHAKAMANA KAIKO WHAKAMANA TAMARIKI

Our centre is party to the Early Childhood Education Collective Agreement (ECECA). Most ECECA sites have long-serving staff, and lower adult to child ratios than minimum regulations.

Unfortunately, the current funding settings are for the lowest minimum standards in ECE. For centres like ours that prioritise better ratios and experienced kaiako, it is becoming increasingly difficult to maintain our high-quality standards.

## **We are asking the government to deliver:**

- Additional funding to support full pay parity
- A funding system that supports and encourages high quality ECE
- Improved teacher:child ratios

**We want to maintain the high-quality standards we are committed to providing for the tamariki in our communities.**

**We invite you to join us and be a part of the call for change. Your voice is powerful.**

**NZEI
