Our early childhood teachers provide the foundations for life-long learning, support and care for 95% of our youngest children and babies. But despite this they are paid up to 52% less than kindergarten and school teachers with the same skills and qualifications. THAT'S NOT OK.

If we want Aotearoa to be the best place in the world to raise a child, we need to start valuing all the teachers that work with them. The ECE system is broken! We need to fix teacher pay, improve the ratio of children to teachers, and make sure ECE is the best place for our tamariki to be.

JOIN YOUR VOICE TO OURS.

Ask Education Minister Chris Hipkins to fix the ECE pay gap once and for all in Budget 2022.
